

Committed to the pursuit of excellence, constant and extensive research in the world of hospitality has enhanced our knowledge and led us to fine tune the core characteristics of our services. The Mykonos ambience is carried, almost intact, into a theatrical set-up where everyone can become a protagonist in one's own special way. A space of transformation where socializing comes easy, the environment is given to unrestrained relaxation. Modern aspects of the old estate at the center of the town provide the location where the local becomes cosmopolitan. A mixture of the pervading aesthetic within our surroundings with a strong intellectual emphasis makes for a safe haven that is glamorous and refined. Focusing on theatricality, drama and versatility, well heeled guests can relax and release their senses, meeting new people and relishing the Belvedere's rejuvenating, signature services and facilities. In a prime central location transposing the ambience of a contemporary, dynamic city life style in an island hotel, the Belvedere invites guests into experiences of signature luxury.

Reflecting the spirit of Mykonos and the grandeur of Small Luxury Hotels in status, the white interiors of the rooms and suites of the Belvedere Hotel create a cooling, calm ambience, truly refreshing in every sense. The Belvedere Hotel, one of the best boutique hotels in Mykonos, is based around one of the oldest, most inherently romantic mansions in Mykonos Town, the Mansion Stoupa dating back to 1850. Bringing it into the 21st century and turning it into one of the finest hotels in Greece, has been an ongoing effort of loving and thoughtful intent.
